

Eurobet

Eurobet is one of the world's biggest online sports bookmakers offering fixed odds betting on the world's major sporting events, 24 hours a day, 365 days a year.

Eurobet has customers in over 100 countries, a huge range of bets on every major sport, offers quick payouts and payments in 6 major currencies.

Eurobet caters mainly for the UK sports betting market although NFL football is catered for.

Sports betting events include the usual football, horse racing, golf, hockey, boxing, motorsports etc. In fact all major sports betting events are covered, but again, with the emphasis on the UK and European sports betting market.

Eurobet runs Asian Handicap betting markets, giving one side a handicap which makes betting more exciting in a market that would normally be too one-sided.

Eurobet takes accumulator bets as well as Yankees, Trixies, Super Yankee, Hienz, Super Hienz and Goliath bets.

Eurobet football betting also gives odds for half-time, full-time results, total goals, first yellow/red card, first corner etc. You can even bet on which side kicks off.

In addition to sports betting Eurobet also runs a casino and lottery plus other games such as Keno, Spingo (a "wheel of fortune" type game), dice roll and 60 seconds which is Eurobet's original lottery style game. All these are available to members who have opened an account with Eurobet.
